

Our Cultural Services are in charge of the organization and promotion of cultural and artistic events in San Juan del Puerto. These services aim for promoting cultural events and supporting individuals groups or associations undertaking artistic initiatives in our town.

In this respect, we should mention the cultural programmes of our town theatre, Juan Alonso de Guzmán, of the Jesús Quintero sociocultural centre and the events regularly held at the Music School and Historical Archive, where dancing and music alternate with seminars, meetings, conferences, cinema and plays.
